WHAT YOU NEED

- Wear safety shoes gloves, goggles and any other PPE as specified by local regulations
-  Please read and comply with the safety instructions found in the user manual prior to using the machine. Retain this document for future reference. These instructions are also available on our website: www.matrixcleaningsystems.co.uk

- Areas to clean

Lets get started

GET TO KNOW YOUR MACHINE

PREPARE YOUR MACHINE

1. Using clean cold water fill the cold water tank and replace the cap.

2. Lift the flap on the steam hose socket and connect the hose ensuring the pin locks into position.

3. Push your machine to a suitable area and lock the brake lever to avoid the machine moving during use.

4. Plug your machine into a suitable power supply.

Switching on the machine

5. Turn ON the machine with the on/off switch.

6. The heater on LED will illuminate.

7. In Approx. 10 mins the steam ready LED will illuminate. The machine is now ready to be used.

8. On the steam hose, the steam will disperse when pressed to the on (I) position.

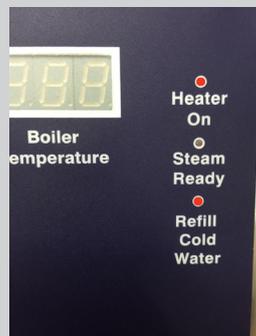

During use

9. The steam output can be adjusted by turning the steam control.

10. Affix your desired accessory for your cleaning task and ensure it is locked into position.

11. Refill Cold water when the refill cold water light illuminates and a intermittent beeping noise can also be heard.
