Compact 3-speed air blower for floor drying and air moving

Now the new VIPER BV3 air blower offers a powerful and more cost-effective way to dry even large carpets and floors, plus fast moving of air in toilets and WC. An ideal solution for hotels, schools, offices and similar locations.

Working with the BV3 is highly flexible and convenient. You can place the compact machine in several blowing angles. Get maximum efficiency by connecting up to 3 units via daisy chain, and weighing just 10 kg, the air blower is easy to carry, store and transport.

Powered by a new 3-speed induction motor with thermal protection, the BV3 will save energy and costs. Also protected by the strong roto-molded shell, it is robust and ready to work in every condition. Due to its long lifetime and low power consumption, it ensures an attractive TCO.

- Cost-effective: New 3-speed induction motor with reduced power consumption.
- Reliable: Protected from motor overheating and by the strong roto-molded cabinet.
- Flexible: Easy to place in wanted blowing angle.
- Compact: Designed in modern style for easy handling and space saving storage.
- Can be stacked in 2 or 3 layers, has cord wrap and an optional retractable handle.
